## PROJECTS

---

### VerdantEye — Smart Plant Disease Detection & Care Assistant

*React Native, React.js, Django, Python, TensorFlow, Machine Learning (CNN), SQLite, REST API, Unit Testing*

Developed an AI-powered plant disease detection mobile and web application featuring REST APIs, model training and testing, and personalized plant care recommendations.

### Project & Team Task Management Platform

*Next.js, Node.js, Prisma, MySQL/PostgreSQL, JWT, REST API, Git, CI/CD*

Built a full-stack project and team task management system with JWT authentication, role-based access control, REST APIs, Prisma database integration, responsive UI, documentation, and a CI/CD workflow.

### Solana Wallet Tracker

*Next.js, TypeScript, SolanaTracker API, Tailwind CSS, REST API*

Built a Web3 dashboard for tracking Solana trending tokens and wallet information, featuring Phantom Wallet detection, real-time API integration, responsive UI, and type-safe development using TypeScript.

### Booking Platform API

*NestJS, TypeScript, TypeORM, PostgreSQL, JWT, Swagger, Docker*

Built a secure NestJS REST API with JWT authentication, service and booking management, validation, Swagger documentation, database migrations, and scalable clean architecture.

### Sales Order Management System

*.NET Core Web API, React.js, Redux Toolkit, SQL Server, Tailwind CSS*

Built a system enabling creation and management of sales orders by selecting customers, auto-loading their details, adding multiple items, and calculating totals with tax in real time.

### Task Management System

*Next.js, Node.js, TypeScript, Prisma ORM, MySQL, Tailwind CSS, JWT, REST API*

Developed a full-stack task management application featuring secure JWT authentication, task CRUD operations, responsive UI, and database integration with Prisma ORM and MySQL.

## Paint Shop Inventory Management System

Java, MySQL

Designed and implemented a system to track inventory levels and sales, ensuring accurate stock management and reporting.

## Paint Shop Web Development Project

HTML, CSS, JavaScript, React.js

Developed a web-based system to manage paint shop operations, including product listing, order handling, and inventory management.

## Clinic Management System

HTML, CSS, PHP, JavaScript, MySQL

Built a web application to manage patient records, appointments, and clinic operations, improving efficiency and data organization.

## Pharmacy Management System (Nalam Care Clinic)

HTML, CSS, Python, PHP, MySQL

Developed a system to handle pharmacy inventory and prescription management, ensuring accurate tracking and streamlined workflow.

## Legendary Recipe Web Page

HTML, CSS, PHP, MySQL

Developed a responsive recipe website with recipe browsing, search functionality, and database-driven content management using PHP and MySQL.

## ABC Book Store Website

HTML5, CSS3, Flexbox, CSS Grid

Built a responsive bookstore website with a modern UI, book catalogue, and responsive layouts.

## CERTIFICATES

---
